The Information Resource Center

The Information Resource Center (IRC) is a specialized reference and research facility located in the American Cultural Center. Through a wide variety of online databases, we provide you with free, comprehensive and authoritative information on all aspects of the United States. We have access to documents on domestic and foreign policies, media issues, legislative developments, as well as social, economic and political issues.

The IRC is the place to access research and reference materials. The staff responds to inquiries for in-depth information from a diverse group of people including journalists, professors, authors, scientists, and business people.

IRC staff can also provide individualized instruction for researchers, scholars and journalists, using the IRC's traditional and electronic resources.

IRC service:

Outreach Program: Our outreach program includes:

1. The creation of specialized information packages in response to institutional or individual inquiries.

2. Daily electronic distribution of news, articles and research papers on a wide range of topics such as political, economic, social and cultural issues. Interested Syrian professionals can join this service by contacting the IRC staff to enroll and start receiving materials in their chosen field of interest. Please fill the information above to become a member of our program.

3. E-Docs alert service: provides an annotation and URL for reports, studies and papers. It includes documents from: (1) U.S. executive agencies and the Congressional branch; (2) think tanks; (3) professional associations; and (4) international organization. IRC will send you these annotations classified by themes, with the URL to access the full report. If it is inconvenient for you to print out long reports, IRC invites you to visit us and get the full text report in hard copy free of charge.

4. Weekly Idioms: a new electronic service to receive a weekly American idiom SMS on your cell phone.

All you need to do is to subscribe with us, by sending email to: ircdamas@state.gov providing your name, job title and cell phone number.

Online Databases:

The IRC offers you free access to the EBSCOhost online database. Access is only available through IRC computers. Research is free and you pay only 1 SP per printed page. Please contact us to learn more about this free service and arrange for an appointment.

EBSCOhost is a collection of online journal databases containing thousands of journal articles covering a wide variety of topics. This multi-disciplinary database provides full text for more than 4,500 journals, including full text for more than 3,700 peer-reviewed titles. PDF back files to 1975 or further are available for well over one hundred journals, and searchable cited references are provided for 1,000 titles.

If you need to find journal articles for a research paper or project, EBSCOhost is a great place to begin your search.
